Focus on Bowling for more than 20 years, do bowling down-to-earth

COMPANY PROFILE

Beijing Red Sun Bowling Technology Co. Ltd provides and manufacture the whole set bowling equipment since 1997. In past more than 20 years, Red Sun Bowling produce, sold and installed more than 5000 sets whole set bowling equipment in domestic and foreign markets. The company's products are exported to more than 80 countries and regions.

Company Products： Red Sun Strike String Bowling Equipment, Red Sun Mini String Bowling Equipment, Bowling Lane Interactive projection system, Refurbished Brunswick & AMF Bowling Equipment

Among them, the Strike brand bowling equipment has obtained national practical patents, and the Bowling Lane interactive projection system is the first to fill the gap in this field in China.

In the course of working in the bowling industry for more than 20 years, Red Sun Bowling has accumulated a lot of precious experience and technical reserves.

It has laid a solid foundation for better service to customers from all over the country and all over the world in the future.

Now Red Sun Bowling produces more than 300 sets of bowling equipment annually, and installs more than 250 sets of bowling equipment worldwide each year. Such performance is at the forefront in the Asian region.

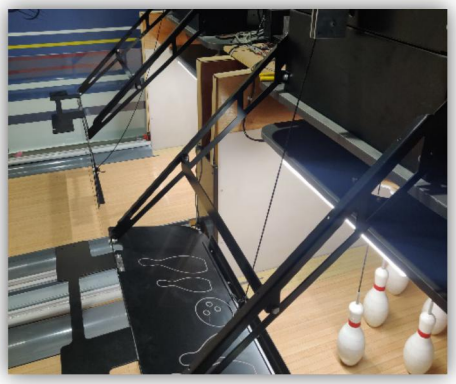

The company's philosophy is: "Focus on bowling for more than 20 years, and continue to deal with bowling equipment seriously and Wholeheartedly in future!"

ADVANTAGE

Red Sun Mini Bowling Equipment have the characteristics of small footprint, simple mechanical structure, low noise, high-speed pinning, and zero-fault operation, which greatly improves the per unit area efficiency of the bowling alley! It is a very suitable entertainment project for children and teenagers. It is also an excellent bowling project for parent-child activities.

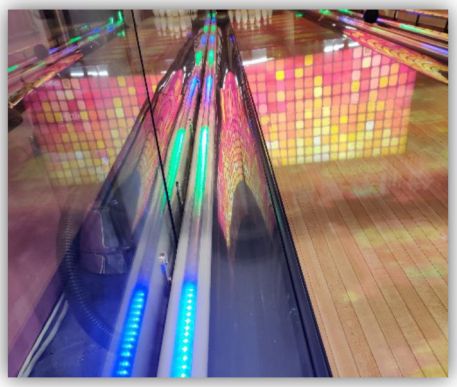

1. The mechanical structure is simple, and the equipment operation failure rate is almost zero, which saves the operator the cost of hiring professional technicians.

2. It makes the professional high-end sports items integrating indoor leisure, entertainment and fitness to be further entertained and popularized.

3. The equipment has low energy consumption and low noise. The footprint of the children's fairway is only 1/3 of that of the adult bowling equipment, which greatly reduces the floor space and greatly improves the unit floor efficiency ratio of the operation.

4. Rich point animations, pleasant background music for points, support APP members to view points online. Managers can also view the running status of each device at any time through the APP. It is convenient for owners to manage, and it is convenient for customers to check consumption status and points status.

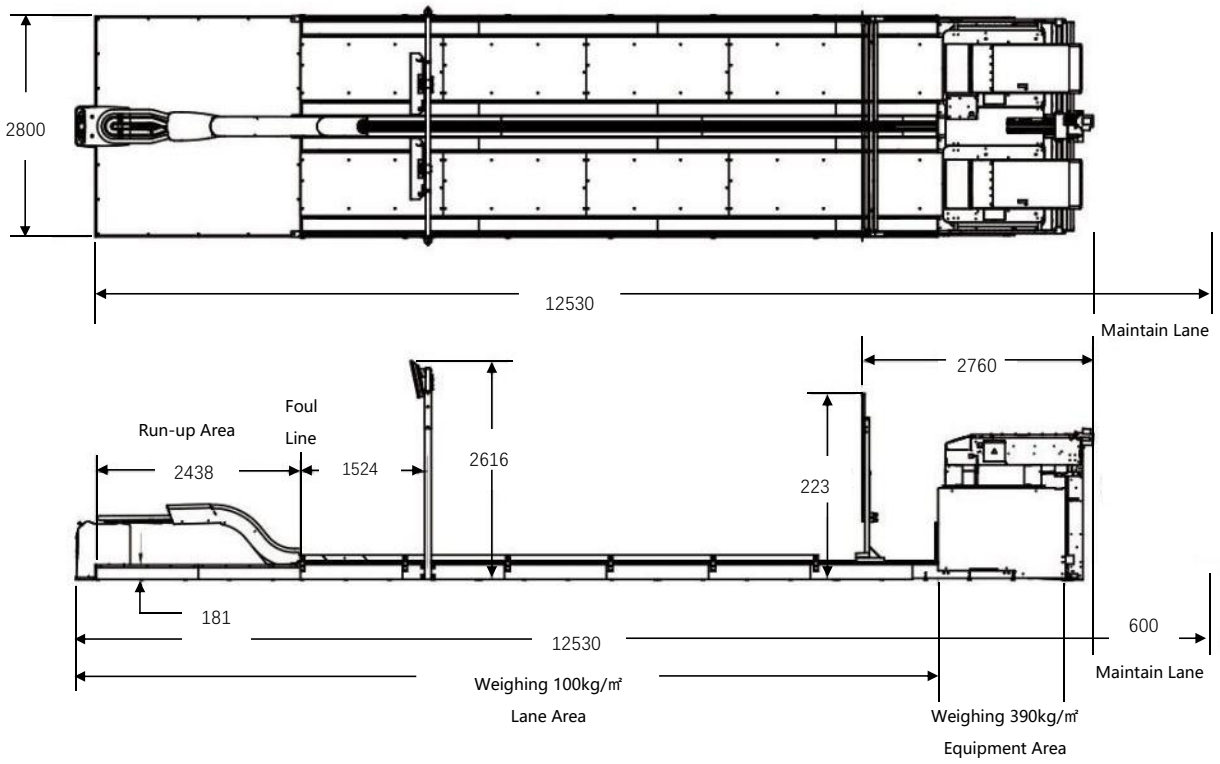

5. Compared with the equipment investment of adult bowling, parent-child entertainment and leisure bowling reduces a larger initial investment for owners.

6. It can realize the integration of points with adult bowling equipment, and truly achieve bowling lanes of different standards between different ages.

2 LANES MINI BOWLING

Requirement of the Space

DRAWING

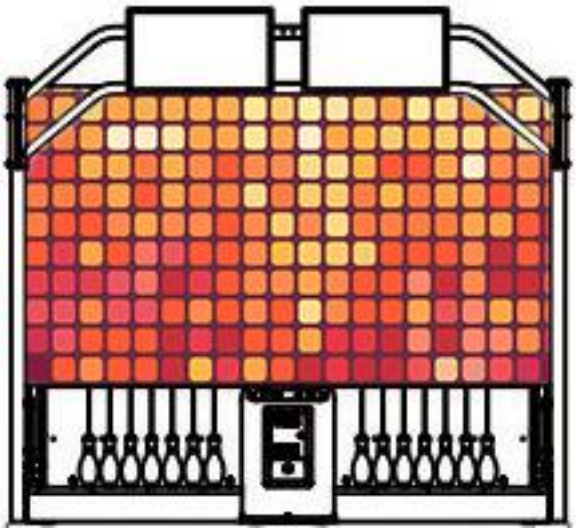

The Length Requirement：Standard Size 12.53m（Including Maintain Lane）
The Width Requirement: 2.8m
The Lowest Height Requirement: 2.7m
Total Weight: 2250KG
The Power Consumption：Standby Status: 0.25KW
Power-on Status：2.8KW
Distribution Box Requirements：Single-phase:220V-240V,50/60HZ,4KW

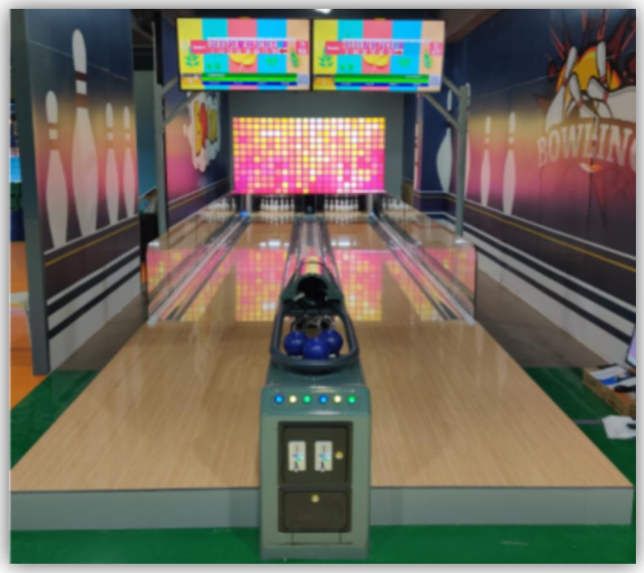

2 LANES MINI BOWLING

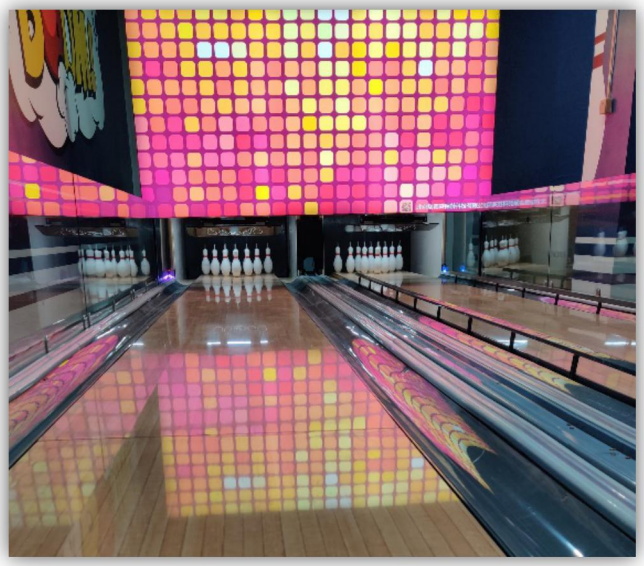

Adjustment Masking Light Case

The light is soft and the light intensity is adjustable, and the theme of the scenery can be changed according to different festivals. The high-gloss synthetic fairway board has stable performance in wet, dry, hot and cold environments, and the gloss is very delicate. These elements make the parent-child bowling lane a beautiful landscape in any place.
